

Technical sheet

Ref. 195374

Flat file - L. 250 mm

Files are used in soldering to strip and restore soldering iron tips, thus increasing their service life and the quality of the soldering.

FEATURES

Wooden handle for a better, more comfortable grip.
Length 250 mm

SPECIFICATIONS

Length (mm)	35
Width (mm)	35
Height (mm)	400
Weight (kg)	0,3
Max sheet width / Working width (mm)	250

Technical description

One flat side and one bastard side for cleaning and restoring soldering iron tips for both perpendicular and double-cut filing. The blade's 250 mm working length allows quick cleaning and thus increases the service life of the tip, as well as your soldered joints.

Actions : To strip / To weld

Trades : Metal
