

Technical sheet

Ref. 457560

Material hoists/ scaffolding lifts 250kg - 8,5m with hinge

Material lifts make it possible to transport materials and equipment on the roof in complete safety.

FEATURES

More stability and safety (width of the pathway + removable foot to adjust the angle of support)
 High adaptability to all sites (with accessories and equipped with a parachute system compliant with safety standards)
 Productivity retained despite load (climb speed 20m/min)

SPECIFICATIONS

Lenght (mm)	800
Width (mm)	800
Height (mm)	8500
Weight (kg)	0
Max sheet width / Working width (mm)	8500

Technical description

Height: 8,5m
 1 0,50 m long hinge adjustable from 22,5° to 45 °
 1 high galvanized steel part, with pulley
 1 galvanized steel material box with extendable and foldable sides (useful size: 80 x 60 x 40 cm)
 1 independent guide carriage, made of galvanized steel
 1 lifting winch 220 V single phase, with transport wheels
 Engine power 1100 W, 20 m/min
 Remote control BT 24 V (length 3 m), detachable, with emergency stop
 42 m galvanized steel lifting cable \varnothing 6 mm
 Safety limit switch up and down (adjustable positions along the scale)

Actions : To move materials

Trades : Slate / Framework / Waterproofing / Metal / Tile
