Advantages of the manual guillotine shear

COMFORT OF USE

- The **front table with telescopic extension** allows the support of the large metal sheets.

- **Recovery tray** in front of the machine (standard).

- **Left and right lever arm** :
 - Easy cutting and clamping (with spring support).
 - Possibility for 2 users to work together.

PRODUCTIVITY AND PRECISION

- **Rear stop** : Rear stop equipped with rack and retractable sheet support bracket allowing automatic positioning of the sheet and cutting from the position 0.

- **Graduated table** for a quick and precise positioning of the sheet.

- **Clamping system** for sheet metal before cutting.

RELIABILITY AND ROBUSTNESS

- The **highly resistant steel blades** guarantee a long life (in normal conditions of use).
