

Technical sheet

Ref. 010010

MINI guardrail with gutter fastening 1,1m high special for slight slope

The guardrails are fixed on the side or at the bottom of the roof and carry the safety accessories (handrails, baseboards, nets) to provide full protection.

FEATURES

Can be placed directly from the roof with personal protective equipment
 Light weight that reduces musculoskeletal disorders
 Low administrative formalities
 Not bulky
 Best Seller
 Low investment cost and limited installation time, more cost effective than foot scaffolding
 Practical: light and resistant
 Easy to install: Thanks to its hooking pin, the MINI guardrail fits very simply in the flat hook

SPECIFICATIONS
